Re: 2020 Letter of Assurance

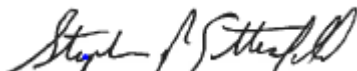

Newmont Corporation has a process in place to verify the information provided to the Mining Association of Canada (MAC) with respect to our participation in the Towards Sustainable Mining (TSM) Performance Indicators. Newmont is pleased to submit this letter of assurance regarding the 2020 TSM verification results for our Éléonore mine.

The TSM verification process included an external verification performed by Tetra Tech. The verifiers reviewed the process developed and implemented by Newmont and assessed Éléonore mine's reported performance indicator results for the year ended 31 December 2020 as measured against the criteria of the TSM Performance Indicators and supporting guidance contained in each of MAC's seven TSM Assessment Protocols.

The results submitted online reflect the verified results. As an active MAC member, you can count on our support and commitment to continually improve our performance and to contribute constructively to the evolution of the TSM program.

Please feel free to contact Petrina Torgerson (604-695-7338) should you have any questions or comments regarding the 2020 results.

Sincerely,

Stephen P. Gottesfeld
Executive Vice President
Chief Sustainability & External Affairs Officer
Newmont Corporation
